

Hands-On Science After School!

Immerse yourself in the world of science, as we learn to explore and discover through hands-on experimentation! Practice designing and testing experiments, learn useful vocabulary, make observations and more! Follow your creative and imaginative mind, ask questions, discover, and have fun!

Sessions: *each session runs 5 weeks*

"Science Made My Lunch - Experiments with food"

October 6th - November 3rd (10/6, 10/13, 10/20, 10/27, 11/3)

\$50/5-week session

"You Shall Not Pass! - How our healthy bodies protect us from germs"

November 10th - December 15th (11/10, 11/17, 12/1, 12/8, 12/15)

"Why Don't Polar Bears Wear Fleece? - Biomes and animal adaptations"

January 12th - February 9th (1/12, 1/19, 1/26, 2/2, 2/9)

"Blinded Me With Science - Hypotheses, Observation, and the scientific method"

February 16th - March 16th (2/16, 2/23, 3/2, 3/9, 3/16)

"Does This Come in a Small, Medium, or Extra Large? - Animals of all sizes"
